

Make your own Flat Norman. Print out this page and fold on the dashed line. Glue folded sides together (you can also add a piece of cardstock in the fold like a sandwich to make your Norman stronger). Cut around the outside of Norman and laminate. Now you are ready to take Flat Norman anywhere. Take pictures of Flat Norman and post them on our Facebook page: <https://www.facebook.com/normanthemormonbooks/> with the hashtag #flatnorman
